

Attached is a photo of the required signs Realtors must use for Open Houses (tan/crème with green lettering). They are available for purchase at the Naples Area Board of Realtors store. Any other colored signs or signs with anything else attached (including paper with the address written on it) to them will be removed.

If there is at least one Open House listed in Matrix, a board member will put out the large sandwich board OH sign at the front of the community. Visible from Livingston Road.

Permanent "For Sale" signs in the yard are not allowed.
